

Beyond the Badge

Building Resilience. Restoring Trust. Strengthening Support.

At Eagle Eye Consulting & Training, a proud Service-Disabled Veteran-Owned Business, we provide specialized, trauma-informed training and consulting for public safety professionals. The Beyond the Badge initiative is designed specifically for law enforcement officers and dispatchers, who are often the first to encounter individuals in behavioral health crises, while also facing rising levels of burnout, moral distress, and suicide within their own ranks.

Funded through the Massachusetts Department of Mental Health's Jail/Arrest Diversion Grant Program, these trainings go beyond awareness to equip participants with practical tools, culturally responsive strategies, and peer-informed approaches to protect the wellness of those who serve. We offer full-day, half-day, and two-hour workshop formats to meet the needs of each agency. While in-person training is preferred, select modules can be delivered virtually when needed.

This initiative goes beyond resilience, focusing on healing, growth, and reducing stigma, while strengthening both individual and organizational responses. We help departments not only respond to crisis, but prevent it.

Question. Persuade. Refer. (QPR)

Evidence-based skills to recognize warning signs, intervene compassionately, and connect peers to life-saving resources.

S.H.I.E.L.D.

See. Highlight. Inquire. Explore.
Link. Debrief.

Culturally competent tools for addressing suicide risk, including firearm safety, crisis planning, and real-world peer support.

Trauma & Moral Injury Healing

Explains the impact of exposure to trauma, ethical stress, cumulative strain, and explore pathways to healing.

Additional Training Modules Available

BattleMind Plus: Explores how military culture and operational mindset shape veterans' behaviors and responses.

Military Culture & Suicide Risk: Provides insight into military culture and veteran risk factors.

Moral Injury: Explores moral injury in veterans and pathways to healing, meaning, and restoration.
